

Shelter: Farah Class

Communications and Language

At school we will :

- Learn to follow instructions involving several ideas or actions.

At home you can help by:

- Encouraging your child to follow instructions during their morning routine.

Physical development

At school we will :

- Teach children to show good control and co-ordination in small movements.

At home you can help by:

- Practicing letter formation at home.

Personal, Social and Emotional Development

At school we will :

- Encourage children to speak confidently in a familiar group.

At home you can help by:

- Talk to your child about their day at school.

Literacy

At school we will :

- Learning to read simple sentences.
- Learning to write some irregular common words.

At home you can help by:

- Read every evening with your child.

Mathematics

At school we will :

- Learning to say one more or one less than a number to 20.

At home you can help by:

- Counting in practical situations.

Understanding the World

At school we will :

- Recognise that a range of technology is used at home and school

At home you can help by:

- Identifying technology at home. For example, microwave, telephone, tablet etc.

Expressive Arts and Design

At school we will :

- Experimenting with colour, design, texture, form and function.

At home you can help by:

- Encouraging your child to recognise a range of primary and secondary colours in the environment.

Showcase

To work with parents and families to:

- Make animal shelters in the outdoor environment,
- To make bird food to encourage a range of birds into our outdoor environment.

Wayfield WOW Moment

To observe chicks from egg to hatching.

To make blankets and bedding for animals at a local animal shelter.
